

Satisfied Clients.....

My experience in purchasing a beach villa could have been a disaster if not for Felice LaMarca's expertise. Many times she knew more about the mortgage process and the legalities of closing than the professionals. As long as Felice stays in the real estate business - I would recommend no one else.

Felice impressed me with her professionalism, acuity, and tenacity. She attended to details far and above the call of duty. She did everything she promised to do, in timely fashion, in a straightforward and honest manner. I have encountered few jewels in the business world, but am honored to have had Felice in my court.

So, this letter is to commend Felice LaMarca for being a personal support in a difficult move, for bringing an artist to the business table, and for being a bulldog in negotiations for me, her client. I thought you should know what a wonderful agent you have working with you.

Very truly yours,

I have been so remiss in getting this note off to you. Having worked with two other agents here over the last 4 months, I realized how lucky I was to have had you to handle my Hilton Head House. I can't thank you enough for your professionalism, attention to detail and your friendship. I didn't fully appreciate all that you did until I worked with other people. I am just now realizing that selling the house in 4 days and then doing all the things that had to be done as I left you with it all is way beyond what other agents do. I think that the great digital pictures you took and emailed off was a big part in selling so quickly. Anyway, I wish I had been able to have you handle the buying and selling here. Buying this house was O.K. but selling the condo was a nightmare. A long story for another time! I did close on it last week but by good luck more than anything. If you had listed it, it too would have gone in 4 days!

It's not often that we run across such honest, hard working and dedicated professionals. It is even more of a delight when we can count on this from our realtor. We will of course call on Felice for all of our future transactions and just wanted to reiterate to you what an outstanding addition she must be to your team at Prudential. We are excited about recommending her to all of our friends.

Sincerely,

Dear Felice ~

We love our villa ~ thank you so much for finding it for us. And an even bigger thank you for your understanding and patience as we tried to decide whether to take this step. I'm sure that we drove you crazy these past three years trying to make the decision. And once we were ready, boy did we have to put our trust in you to buy the place sight unseen. But you knew us and what we were looking for and when this villa came on the market and you told us to go for it, it was our little in you that made us do it - scary for sure! You were so right - it is the perfect place for us. Many thanks!
